Subject : Fluid **LUKOIL GEYSER LT**

Dear Sir,

With reference to the documents submitted, the subject fluid is approved for being included on our Parker Denison approved fluids list for :

HF0, HF1, HF2
Approval number : 318(2)

This fluid will be listed under the brand name...	LUKOIL GEYSER LT
The manufacturer to be listed as.....	LUKOIL Lubricants Company
The ISO classification as.....	HV
The approved grade as.....	ISO VG 32, 46 & 68
The listing date will be.....	July 2007
Test passed.....	T6H20C dry & wet phases

Please note the product will be on the list until **July 2017**, the listing being for a limited period of 10 years. It can be extended for an additional 5 years by notifying us in writing that the fluid is still actively marketed. That notice should occur during the last six months of the initial listing period. This later condition is due to the fact that many fluids on the list are no longer available and we try to make it a more usable document.
Hoping this will not cause any inconvenience

Best Regards

Philippe PARREAU
